Describe

Application:

This machine most suitable for printing all kinds of shape ceramic plates bowls, metal pans ,pots ,fry pans ,trays with high printing quality,max printing area can reach 300*300mm, Very powerful machine. it can be printed inside ,outside ,edge and oddly shape.

Function:

- 1.PLC control and servo motor, make it more stable performance, easier operation, lower noise, pressure uniformity, easier maintenance.
- 2.Quick print, no matter how complex patterns (3 colors for example), at least can print 400 pcs in one hour, if works 8 hours a day, every day at least can print 3200 pcs, equivalent to 8 staff work about 8-10 days. Thereby, labor cost is saved and work efficiency is improved.
- 3.The print pattern is clear and accurate, and the repetition error is $\pm 0.3\text{mm}$.
- 4.Apply to smooth or rough surface products, all over the broader scope.
- 5.Cost lower than screen printing, hand painted and decal for ceramic production (including paint, oil seal).
- 6.suitable for wide area printing and applicable within the range of 50mm-350mm.

Technical Parameter:

Max.print size: 300*300mm

Max.printing speed:400PCS/Hr

Machine weight:750kgs

Printing colors: 3 colors

Air requirement: 5-7 Bar

Power: 220V 50HZ

Machine size: 2000*650*2200mm
