

Quick Fiber Oil Extractor GT-B05

Application:

Quick Fiber Oil Extractor is used for quick oil extract form all kinds of fiber and the test of oil length of a specimen.

Key Specifications

Model	GT-B05-1	GT-B05-3
Working positions	1	3
Temperature control range	Room temperature~200℃	
Suitable extraction solvent	Oil ether, ether and dichloromethane	
Temperature indicator accuracy	+/-0.5%	
Power source	AC220V 50HZ, 60Hz	
Heating power	100W	
Standards	GB6504, GB6977, ASTM-D-2257
