

heat Shrinkage Testing Machine GT-D60

Application:

The **Heat Shrinkage Testing Machine GT-D60** is used for measure the dimensional stability and other performance after dry heat treatment of fabrics and fusible interlinings.

Key Specifications

Model	GT-D60A	GT-D60B (Customized)
Work Mode	Microcomputer control, color touch screen display,	

	report printing.	
Temperature Range	RT.~220°C±2°C	RT.~300°C±2°C
Test Time	0~9999s	0~999s
Heating Plate Size	330*330mm	500 * 500mm
Test Pressure	0.3Kpa±10%	0.3~0.4Kpa
Power Supply	AC220V±10% 50Hz	AC220V±10% 50Hz 3KW
Standards	GB/T17031.1-2, GB/8632, FZ/T01076/01082/01085, ISO9866-1-2
